

Information Technology Academia Collaboration (ITAC) Program

Are you a senior engineering or computer science student?

ITIDA/ITAC invites you to apply for the 2012 graduation project fund.

Apply Today!

Who is eligible?

- Senior (4th year) students in an **Egyptian** educational institution.
- Graduation projects related to information and communication technology (ICT).
- Faculties of Engineering and Computer Science.

Selection criteria?

The proposals are evaluated by experts in the topic, based on a unified score-sheet. Proposals with the highest scores are chosen for funding.

Graduation Project Funding

Project Funding:

ITIDA will fund the shortlisted graduation projects by an amount up to **EGP 10,000** for eligible budget items. To learn more about the financial guidelines, please visit the ITAC page on ITIDA's website at www.itida.gov.eg. Equipment purchased by the ITAC fund are delivered to the institution's inventory for use in subsequent years by other projects.

How to Apply:

Please visit the ITAC page on ITIDA's website www.itida.gov.eg, download the application form, fill it in and send it to the e-mail address posted on the website. Don't forget to refer to the updated financial guidelines before filling in the project budget section in the application.

Submission deadline:

Please make sure to send the application form by **January 31st, 2012**.

Funded Projects:

Academic Year	Number
2005/2006	22
