Message from the Regional Chair of IDF- MENA Region

The IDF-MENA Region (Middle East North Africa) takes pleasure to organize in collaboration with Bibliotheca Alexandria the 9th workshop on " **The Basic Principles in Education Methodology for Diabetes Educators** " .

This follows a series of very successful workshops which were conducted in Egypt , Syria, Qatar ,Kuwait, Yemen , Jordan , Lybia , and Sudan during the past two years .

Diabetes Educators should not only be well informed about diabetes and its complications but also be knowledgeable about the application of basic techniques of the educational process .

Therefore , physicians , nurses, other health caring personnel or simple volunteers who are taking the duties of diabetes educator are welcome to participate in this workshop.

Prof. Morsi Arab
President, Egyptian Diabetes Association
Chair, IDF-MENA Region
