

BA A2K Platform Newsletter

Non Periodic Issue (11)

December 2010

Inside this issue:

News Highlights	2
Latest BA Publications	3
Other Open Access Resources	3
Latest Projects	4

The BA A2K team would like to wish you a Merry Christmas and a Happy New Year.

For the Bibliotheca Alexandrina, 2010 was a year of achievements. We held numerous projects and issued several publications; many of which were dedicated to the dissemination of knowledge. And the BA A2K project team is proud to announce the completion of the Creative Commons License for Egypt; one of our most important projects. The launch of the CC license is expected to take place in February.

More news are coming very soon!

Launching “Global Innovation through Science and Technology” (GIST) Initiative

The BA hosted the launching of the “Global Innovation through Science and Technology” (GIST) Initiative on 14 and 15 December 2010. The event was attended by a number of eminent personalities, and representatives of the government, non-profit organizations, academia, and industry.

The Pillars of Development

The Pillars of Development, is a booklet containing two lectures and two speeches by Dr. Mahathir bin Mohamed, the former Prime Minister of Malaysia. Dr. Mahathir relates his country's experience in promoting Malaysia from a poor rice-cultivating country into one of the most competitive industrial giants in Asia.

Other Open Access Resources

DAR

The Digital Assets Repository (DAR) is a system developed at the Bibliotheca Alexandrina, the Library of Alexandria, to create and maintain library's digital collections. DAR acts as a repository for all types of digital material, thus preserving and archiving the digital media as well as, providing public access to digitized collections through a web-based search

Heritage Preservation: The Documentation of the Ministry of Awqaf Drawings

This is an ongoing joint project between Alex Med and the Egyptian Ministry of Awqaf (Endowments). The main objective is to document and classify the information from a collection of about 450 drawings and plates from the Ministry of Awqaf. These drawings, which are of mosques, houses and hammams in Alexandria, were firstly scanned in the digital laboratories of the Information Technology Department of the Bibliotheca Alexandrina.
