

Abbreviations in Ancient Egyptian Writing

Wahid Shoaeb

Ancient Egyptian writing has some similarities with modern writing, such as using abbreviations in many and different ways; which proves the effectiveness, flexibility and genuineness of this writing. Abbreviation was used in many fields in ancient Egyptian writing, such as linguistic forms, titles, adjectives, names, and different types of vocabulary such as religious, historical and literary.

This study will examine the following main topics:

- Abbreviated scripts and characters.
- Abbreviated formulas.
- Abbreviations in religious texts.
- Titles and Epithets.
- Abbreviations in historical texts.
